Our business since more than 25 years:
sparepart and wearpart supply

Spareparts

- for any kind of block machine like magnetic valves, limit switches, vibrators, brushes, spiral cables, chrome-plated shafts, guiding columns ... just to name a few
- for mixing and crushing plants
- for any machine used in a concrete block factory

Wearparts

- for block machines, mixing and crushing plants
- made from high wear-resistant synthetic material like scrapers, bushes, pawls, wheel rings, mixing shovels, mesh screens...
- made from special steel like wear ledges, running wheels, vibrating tables...
